

2022 ASC REGISTRATION FEES, EXPLAINED

What's different this year?

Back in the early days of VPLC, all of Virginia's legal aid organizations agreed to allocate some of the yearly funding they receive from the Legal Services Corporation of Virginia (LSCV) to VPLC so that the organization could offer free, year-round education to the entire legal aid community.

Today, 42 years after the first Annual Statewide Legal Aid Conference (ASC), VPLC continues to do just that. We look forward to continuing this important work, providing relevant content and guidance to the legal aid community for many years to come.

Unsurprisingly, organizing a well-executed, high-quality hybrid conference costs significantly more than a conference that is only in-person or only virtual. Because of this, we will be charging a \$200 registration fee for legal aid employees attending the conference virtually or hybrid to offset some of the infrastructure costs that come with the hybrid format. To the right, you will find more information on these fees and the specific products and services they will help cover.

2022 registration fees

Fee for legal aid employees who attend ASC 2022 **virtually or hybrid**: \$200

- Legal aid org covers the registration fee for employees attending virtually/hybrid.

Fee for legal aid employees who attend ASC 2022 **in-person only**: \$0

- As in previous years, the employee's legal aid org pays for hotel rooms, food, and beverage per person, which are invoiced in bulk after registration closes.

Fee for non-legal aid registrants (e.g. private attorneys) who attend virtually, hybrid, **or in-person**: \$300

- Fee does not include cost of hotel room(s) if attending in-person.

Bringing ASC to you: the cost of our new hybrid format

Whoova, our events management platform that holds all conference content, enables access to livestreams and recorded content, and offers ways to connect and network with other attendees: \$5,000

James River Audio Visual Services, to preserve the quality and experience of attending in-person: \$25,000

Zoom, including licenses, large meeting add-on, and cloud storage: \$600
